

GRIT WORKSHOPS

Short-form. High-impact.

HOSTED BY: TY BRANAMAN

WHAT ARE GRIT WORKSHOPS?

- Hands-on, discussion-driven, and highly interactive learning sessions about the trades
- Three unique 2 hour courses
- Guiding learners to explore through the Socratic method
- Hosted in classrooms or training room facilities
- Designed for larger groups of students and adults
- A way to develop the trades in your community

IDEAL FOR:

Schools

Training Centers

Manufacturers

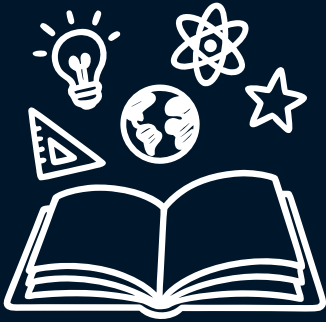

Contractors

Industry Partners

THREE UNIQUE WORKSHOPS

MAKING THE INVISIBLE VISIBLE: SCIENCE THAT POWERS THE TRADES

- A tangible understanding of science in the real world
- Confidence to ask questions and experiment
- A fun, memorable connection to building and trade sciences

MIDDLE
SCHOOLERS

THE HOUSE AS A SYSTEM: BUILDING SCIENCE EXPLORER

- A systems-based understanding of buildings
- Insight into health, comfort, and performance challenges
- A clearer picture of how trades rely on one another

HIGH
SCHOOLERS

MENTORSHIP THAT WORKS: BRIDGING GENERATIONS THROUGH CURIOSITY

- How to teach by providing a hands-on, socratic teaching approach
- Bridge the gap between multi-generational learning styles
- A new lens on mentorship, leadership, and skill transfer
