

## CAMP

- Up to 16 students
- One full day (about 6 hours)
- Plan 10-16 weeks ahead
- No more than 2 students per mentor, plus a floater and Education Lead
- Hosted at a contractor facility or training center
- Led by skilled tradespeople
- Host provides tools and materials
- Students explore real trade tools
- A project to take home

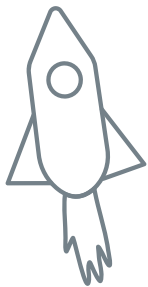

Smaller groups.  
Deeper, hands-on creation.

## WORKSHOP

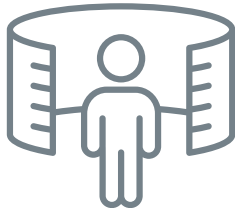

- Recommended: up to 20 students
- Volunteers are excluded from the student count; host chooses how many
- 3 workshop options, 2 hours each
- Discuss up to 2 sessions per day
- Prep: 4-6 weeks, negotiable
- GRIT travels to the host location
- Classroom or training room setting
- Led by Ty Branaman
- Local educators and trades trainers may volunteer

Focused group learning.  
Short, interactive sessions.
